# **Introduction/Overview**

The City of La Crosse is pleased to submit the 2021-2025 Approved Capital Improvement Plan (CIP) to the citizens of La Crosse and the City Council Members. The Plan is a 5-year plan, adopted by the City of La Crosse, detailing the capital outlays over the next 5 years that will serve and enrich the lives of City residents in line with the City's core values and mission. The CIP represents the City's plan for development and is intended to balance the City's capital needs with its fiscal responsibility and financial limitations. The five-year plan is reviewed on an annual basis to adjust for changing needs/priorities of the community and changing framework of ongoing projects.

## **CIP APPROPRIATIONS**

The first year in the Capital Improvement Plan is the year that actual appropriations are authorized by the Common Council. The remaining four years are guides for future development of City infrastructure.

## **CAPITAL IMPROVEMENT PLAN POLICIES**

The Capital Improvement Budget includes both Capital Equipment and Capital Projects. A Capital Project is defined in the municipal code as a project that is expected to have a useful life of over one year and provide a minimum asset value over \$20,000. Capital Equipment is an outlay for equipment that is expected to have a useful life of over one year and provide a minimum asset value over \$10,000.

The City will prepare and adopt a 5-year Capital Improvement Plan (CIP) to systematically identify, plan, schedule, finance, track, and monitor capital projects to ensure cost effectiveness as well as conformance to established policies.

New projects and equipment that require annual operating and maintenance costs must be added to the appropriate department's annual operating budget.

Any unanticipated projects and equipment not previously listed in the capital budget requiring immediate funding from the Capital Budget will require a two-thirds vote by the Common Council members present at the time of adoption to be included.

Project implementation shall be the responsibility of the Board of Public Works. The Board of Public Works will ensure that all projects enumerated and funded in the adopted annual Capital Improvement Budget are designed, bid, purchased, and constructed.

## **CIP PLANNING STRUCTURE**

Capital project and equipment requests are submitted to the Finance Dept by each Department in the City. The CIP consists of two separate documents: A Capital Project Budget and a Capital Equipment Budget. There are two main committees that oversee the planning of the CIP. The Board of Public Works reviews and approves the Capital Equipment requests. The review and approval of the Capital Projects is the responsibility of the City Planning Commission. These respective boards approve the recommended budgets for ultimate approval by the Common Council.

## Summary

Projects total \$2.89M for the Flood Control, Harbors & Waterfront with main project funding from TIF Increment (\$1.8M) and GO Bonds (\$900K). The major projects to be completed are new docking facilities at Riverside Park (\$2M) and hydraulic/levee improvements (\$500K). Flood Control, Harbors & Waterfront capital plan over the next 5 years will focus on developing the City’s waterways for recreation purposes and mitigate and prevent the effects that area flooding has on City residents and businesses.

## Summary

Projects in Planning and Community Development total \$21.34M for 2021 with main project funding coming from developer capital contributions (\$20.03M) and TIF Increment (\$1.25M). The major projects in the plan are the development of Riverside North Infrastructure Phase One (\$680K) and Phase Two (\$19.1M) and Replacement Housing for Washburn and PPH Neighborhoods (\$650K) and in the Northside Floodplain (\$400K). The Planning & Community Development capital plan for the next 5 years is focusing on building infrastructure in the Riverside North area to encourage development of this underutilized land and to continue to provide programs to help La Crosse citizens with replacement housing, renovations, and flood mitigation.

### 2021 New Borrowing

**\$4,623,364**

### 2021 City Funded

**\$4,623,364**

## Summary

Projects in the Public Safety sector total \$4.62M funded in total by new GO Bonds (\$4.62M). There are 3 major projects in 2021, the construction of a new Fire Station #4 (\$2.38M), designing of a new Police Law Enforcement Center (\$1M), and rehabilitation of Fire Station #1 (\$850K). The focus of the present and future capital plan for Public Safety is the construction and updating of the current public safety buildings to address space deficiencies, gender equality deficiencies, deteriorating facilities, and improve the safety of the community.
