

Health Care Flexible Spending Account

What is a Health Care Flexible Spending Account?

A Health Care Flexible Spending Accounts (HCFSA) allows you to set aside money from your paycheck pretax to pay for out-of-pocket health care expenses. When you pay less in taxes, you have more money in your pocket. Most people save at least 30% on each dollar set aside pretax.

Eligible expenses include medical, prescriptions, dental, vision, hearing and over-the-counter health care products for yourself, your qualifying spouse and children.

How much can I contribute to my HCFSA?

The limit is set by the IRS annually, so be sure to check your employer plan for the amount you can contribute to the Health Care FSA. (\$2,750 limit in 2022)
