**SCHEDULE OF PRESCRIPTION DRUG BENEFITS**  
(Formulary Applies)

<b>IN NETWORK RETAIL CO-PAYMENT STRUCTURE</b>	
<b>Plan deductible and co-insurance do not apply to the Prescription Drug Benefits</b>	
Generic medication co-payment per formulary prescription (including formulary insulin and diabetic supplies)	\$10 for up to 30 day supply
Brand name medication co-payment per formulary prescription	\$25 for up to 30 day supply
Specialty medication per formulary prescription (obtained through a Specialty Pharmacy)	\$50 for up to a 30 day supply
Specialty Drugs (CAAP Rx Program) - Specialty medications obtained through the ServeYou CAAP Rx Program, a significant portion (or possibly all) of your copayment will be paid by the manufacturer program. Any manufacturer funded copayment assistance received under the CAAP Rx program does not apply toward the member's annual out-of-pocket maximum. Copayment assistance programs offered by drug manufacturers may be changed at any time by the drug manufacturer and the benefit provided by CAAP Rx will adjust accordingly.	
If a Covered Person elects a formulary brand name medication when a generic-equivalent medication is available, the copay is 40% of the formulary brand name prescription price not to exceed \$50 for each 30-day supply, unless such brand name medication is determined to be medically necessary.	
If a non-formulary medication is selected, the member pays 100% of the cost of the medication.	
<b>MAIL ORDER or 90 DAY AT RETAIL CO-PAYMENT STRUCTURE</b>	
<b>(Mandatory 90 day supply of Maintenance Drugs)</b>	
Generic maintenance medication co-payment per formulary prescription (including formulary insulin & diabetic supplies)	\$20 at Mail Order (for 90 day supply) \$30 at Retail (for 90 day supply)
Brand name maintenance medication co-payment per prescription	\$50 at Mail Order (for 90 day supply) \$75 at Retail (for 90 day supply)
If a Covered Person elects a formulary brand name medication when a generic-equivalent medication is available, the copay is 40% of the formulary brand name prescription price not to exceed \$100 for each 90-day supply at Mail Order or \$150 under the 90 Day at Retail Provision, unless such formulary brand name medication is determined to be medically necessary.	
If a non-formulary medication is selected, the member pays 100% of the cost of the medication.	

**Notes:**

This Schedule of Prescription Drug Benefits is a summary of your benefits. Please review specific plan provisions within the Master Plan/Summary Plan Document to ensure you understand the complete benefits.

There is a maximum out of pocket (MOOP) of \$9,450 Individual / \$18,900 Family which includes Prescription drug co-payments and the medical benefit plan deductible, co-insurance, co-payments (when applicable) when incurred in network.

When a prescription is covered for a chronic medical condition, a covered person is allowed an initial trial period at a retail store (for up to a two (2) 30-day supplies) to confirm the drugs compatibility and effectiveness. Thereafter coverage for designated maintenance type drugs is limited to such home delivery method or under the 90 Day at Retail Provision (including oral birth control, but does not apply to insulin or diabetic supplies).

Precertification (prior authorization) may be required for certain types of medications.

Out-of-Network prescription drugs are generally NOT covered. However, coverage may be available if: a) an allowable specialty drug is not available from a Network and is therefore obtained Out-of-network or b) in connection with emergency services when it is not reasonable to obtain from a Network pharmacy. Such Out-of-network claims must be paid by the covered participant at the point of service and then submitted by the covered participant to the prescription drug *Plan Supervisor* for reimbursement.

Excluded drugs (*Refer to the Prescription Drug Exclusion Section for a complete list of exclusions*):

- a. for sexual dysfunction (other than related to organic disease or directly caused by prior allowable surgery)
- b. for infertility
- c. for services determined to be experimental or not of established medical value, and
- d. for which a comparable over-the-counter drug is available (such as nutritional supplements and when the FDA ends the status of requiring a prescription for a drug)
