

GUIDELINES FOR OBTAINING THE STATUS OF A  
RECOGNIZED NEIGHBORHOOD ASSOCIATION

1. **Definitions.** The following words, terms and phrases, when used in this article will have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning.

*Neighborhood Association* means an organized group of people or other legal entities who own or occupy real property within a specified subarea of the city.

*Recognized Neighborhood Association* means a neighborhood association that meets the criteria described in Section ~~2-554~~ stated below.

2. **Criteria for recognition of neighborhood associations.** A neighborhood association will be designated a recognized neighborhood association by the Neighborhood Revitalization Commission. Recognized neighborhood associations may receive preference by the City and Neighborhood Revitalization Commission regarding funding, policy decisions, allocation of resources, etc. A neighborhood association will be deemed a recognized neighborhood association when and so long as all the following criteria are found to be met:

- (A) The association will file with the Planning and Development Department a current copy of their bylaws. The bylaws will include the following provisions:
  - (1) **Geographic Boundaries.** The geographic boundaries of the neighborhood association will be reasonable; ideal neighborhood size is less than one square mile, so that it is walkable. The boundaries of any neighborhood association in existence on the effective date of this ordinance shall be accepted; however the Neighborhood Revitalization Commission may encourage more reasonable boundaries in the future. At no time shall boundaries of neighborhood associations overlap.
  - (2) **Membership.** The association shall make full membership open to all persons residing within its boundaries and to all persons and legal entities owning property or having a place of business within its boundaries.
  - (3) **Meetings.** The association will hold at least four meetings per year for which it makes a reasonable attempt to give notice to the households and businesses within the association's boundaries. No election shall be held at a meeting of an association unless the meeting is so noticed.
- (B) All neighborhood boundary changes must be approved by the Neighborhood Revitalization Commission. The Commission will look to the associations to resolve boundary issues that may arise. Written agreements or majority petitions for changes will be considered by the Commission in proposed boundary changes.

- (C) The Neighborhood Revitalization Commission will be furnished (and updated with changes) with names, addresses and available phone numbers of current neighborhood association officers and/or board members.
- (D) Evidence of an annual general membership meeting, ~~adequately~~ reasonably advertised and open to all those residing or owning property within its boundaries, will be sent to the Neighborhood Revitalization Commission.
- (E) The association will file an adopted Neighborhood Action Plan with the Neighborhood Revitalization Commission. An adopted Neighborhood Action Plan means an Action plan that is adopted by its respective Neighborhood Association. Updates to the Action Plan shall be made on an annual basis and be submitted to the Neighborhood Revitalization Commission in order to maintain status as a recognized neighborhood association. A Neighborhood Action Plan must include, but is not limited to, a vision statement, map of the neighborhood depicting its geographic boundaries, demographics of the neighborhood, and goals, objectives and policies for the neighborhood, that include who is responsible for implementation and an anticipated timeline for completion.
- (F) The Planning and Development Department will notify any neighborhood associations not meeting the above listed criteria. A recognized neighborhood association will then have 90 days to meet the criteria; if it does not, the association will be removed from the list of recognized neighborhood associations.
